

# POST-REVIEWER (PI) EFFORT CERTIFICATION

AUGUST 2019

## Effort Certification

 The Banner Effort Certification system documents and verifies the portion of time (or effort) that university personnel devote to grants and sponsored projects, teaching, clinical practice, and other activities. You will receive a notification email when it is time to review and/or certify effort for your project.

There are three phases of the Effort Certification process – Pre-Review, Certify and Post Review, but not every grant or sponsored project follows all three phases. Check with the Division of University Research if you are not sure which schedule to follow.

In this guide you will learn how to log into Effort Certification, certify and review effort for your grant or sponsored program.
