

Notice of Recent Documentation Changes – March 2013 Updates

As part of WIRB's continuing efforts to streamline its processes and improve its turnaround time, we have recently made the following changes:

- The Board has stopped requiring more than one continuing review report form per approval period; you will only receive a Continuing Review Report Form just prior to the scheduled renewal review of the research.

As a result, you may notice a change to the section of your Certificate of Approval shown below.

INVEST NUM:	19999
WO NUM:	1-xxxxxx-1
CONTINUING REVIEW:	xxxxxxxx
SITE STATUS REPORTING:	xxxxxxxx

In the future, the Continuing Review frequency cited on the Certificate will always match the Site Status Reporting frequency cited.

- Each panel's roster is now provided in a single document. Rather than receiving a roster listing only the members and alternates of the panel the research is assigned to, the roster will list all members of all panels.
- We have discontinued the practice of applying signatures to the Certificate of Approval. Federal regulations do not require a signature on the notification of IRB actions.
- We have restructured the panels. The research for panels 6, 7, 8, 11, 12, 13, and 14 has been distributed to panels 1-5, which now meet twice a week. As a result, the panel number on your Certificate of Approval may reflect a new panel assignment. If your research has been assigned to a new panel, the terms of your study's approval are unchanged.

Please keep this notice with your study documents.

[Effective April 1, 2013]

Effective October 1, 2012, WIRB restructured all panels. The number of U.S. panels was reduced from eleven (11) to five (5). The following panels were discontinued on October 1, 2012:

- Panel Six (active during the time period April 2001 to October 2012)
- Panel Seven (active during the time period October 2001 to October 2012)
- Panel Eight (active during the time period October 2001 to October 2012)
- Panel Eleven (active during the time period February 2003 to October 2012)
- Panel Twelve (active during the time period March 2004 to October 2012)
- Panel Thirteen (active during the time period August 2005 to October 2012)
- Panel Fourteen (active during the time period June 2005 to October 2012)

Panel Nine was disbanded effective March 1, 2007, and was active during the time period March 2001 to March 2007.
